Experiencing the MSE Environment

- Equipment & Client Protocols

Evaluations and Data collection

Conducted by:

LINDA MESSBAUER

Occupational Therapist
Internationally Recognized Pioneer
Multi-Sensory Environments Expert

Location:

This course will take place at my MSE. The participant will get to experience and work with the quality equipment from various vendors*. This will allow your learning to be multi-modal. It will be a hands-on supervised experience. You will leave with an understanding of how to make it work with the various populations you serve.

*Linda does not sell or endorse any particular vendor
